## U.S. Troops to Withdraw From Thailand

BANGKOK (AP) — The first American troops to be withdrawn from Thailand will probably come from the 12,000-man Army support group, authoritative sources said today.

The sources said it was unlikely that any of the 36,000 U.S. Air Force personnel stationed at six large bases in Thailand would be withdrawn as long as

## Arab Nations Call for a Summit Meet

By THE ASSOCIATED PRESS  
Hoping to capitalize on Moslem indignation over the fire at the Al Aqsa Mosque in Jerusalem, the Arab nations have agreed to try to convene a summit meeting of all Islamic nations and also to hold a joint Arab defense council in November.

As the Arabs inched toward unity, in words at least, the U.N. Security Council voted another condemnation of Israel, and the Israelis reported finding 13 Arab missiles trained on the heart of Jerusalem.

Foreign ministers and other representatives of the Arab governments ended a two-day meeting in Cairo Tuesday with a communique which said Saudi Arabia and Morocco would be asked to line up all the Moslem countries for the Islamic summit. The purpose is to enlist such non-Arab nations as Iran, Pakistan, Malaysia and Indonesia in the fight against Israel.

The ministers said the Arab defense meeting, to be held in Cairo in the first week of November, would "put the necessary plans toward mobilizing Arab military potentials against Israeli aggression and consolidation of the Palestinian revolution."

They agreed that only "force" would liberate the Arab lands occupied by Israel and called for strengthening of the guerrillas in the occupied territories.

Plans for an Arab summit conference to unify action against Israel were postponed until after the November defense meeting.

The Security Council unanimously condemned Israel for an air attack Aug. 11 in which Lebanon claimed four civilians were killed. Israel admitted the attack but said the targets were guerrilla bases in southeast Lebanon from which terrorists had been raiding Israeli border settlements.

Israeli Ambassador Yosef Teakoh told the 15-nation council his government would continue to defend its borders regardless of the resolution.

The unanimous vote came after Lebanon's supporters agreed to include in the resolution an indirect slap at the Arab guerrillas. The provision, demanded by the United States and Britain, deplored "all violent acts" in violation of the 1949 armistice.

The 13 unfired missiles trained on Jerusalem were discovered by Israeli army helicopters after saboteurs fired three rockets at the Ganei Yehudah Hotel in Jerusalem.

The Vietnam war continues and the Communists gain ground in Laos.

## Nixon's \$9 Million for Riot Cleanup Has Many Projects Going

By KEN HARTNETT  
Associated Press Writer  
WASHINGTON (AP) — The \$9 million President Nixon set aside for riot cleanup is financing projects ranging from portable swimming pools in Akron, Ohio, to boardwalk repairs on Coney Island.

The President announced the program April 8 as a start to rid 20 cities of what Nixon called the "marks of violence and destruction."

"There could be no more searing symbol of governmental inability to act than those rubble-strewn lots and desolate decaying buildings, once a vital part of a community's life and now left to rot," the President said.

But Detroit is using \$739,383 of those federal funds for what its officials call a "morale program" aimed at rats and garbage, not riot debris.

And "those rotting, boarded-up structures, barely 30 blocks from the White House" that the President referred to in his statement still stand in Washington.

So far, the capital has only one clean lot and four more being readied to show for the program.

There's little else the cities can do with the \$9 million Nixon and the Department of Housing and Urban Development (HUD) made available under HUD's previously ignored interim assistance program.

Congress specified in 1968 that this program's money could only be used in future urban renewal sites for such things as temporary recreational facilities, sprucing-up operations and repairs to public facilities and demolition of structurally unsound buildings.

So Akron is using part of its \$534,000 grant for four portable swimming pools as well as for trash cleanups and demonstration projects designed to improve garbage collection.

"There wasn't very much (riot) debris, to be quite honest with you," said James A. Alkire, Akron's director of planning.

## Obituaries

JAMES N. LANDERS  
James Newton Landers, 80, a native of Hempstead, died Tuesday. He was a retired farmer. Surviving are his wife, Mrs. Artie Williams Landers, a daughter, Mrs. Letta McClemens, of Hope, a brother, Arthur Landers of Hope; five stepdaughters, one stepson.

Services will be at 2 p.m. Thursday at Herndon Chapel by the Rev. Thomas Simmons and the Rev. J. B. Browning. Burial will be in Shell Cemetery at Emmet by Herndon Funeral Home.

A. T. JONES, SR.  
A.T. Jones, Sr., 75, died late Tuesday afternoon in a local hospital. He lived on Hope, Route 3, and was a member of the Methodist Church.

Survivors include his wife, Pearl Stewart Jones; two daughters, Mrs. Paula Masters of Shreveport and Mrs. Lila Scantling of Waldron; one son, A.T. Jones, Jr. of Harlingen, Texas; two step sons, Charles and Irvin Edmonson of Hope; one step daughter, Mrs. Kathleen Fryer of North Little Rock; one brother, Lee Jones of Jackson, Miss.; sixteen grandchildren.

Funeral services will be held at 2:30 p.m. Thursday in Holly Grove Methodist Church with Rev. Calvin Miller officiating. Burial will be in Holly Grove cemetery under the direction of Herndon Funeral Home of Hope.

## 10 Indicted in Death at Benton

BENTON, Ark. (AP) — Ten persons were indicted Tuesday by the Saline County Grand Jury in connection with the Aug. 17 death of a young Negro.

The Grand Jury, which began its investigation last Wednesday, returned the indictments after hearing 38 witnesses.

Authorities said Leonard Williams, 19, of Benton was shot in the hip and run over by a car at a drive-in restaurant at Benton. The day after Williams' death, about 80 persons marched to City Hall and demanded a full investigation.

One of those indicted was Roscoe Smith, owner of the drive-in where the incident occurred. He was arrested on a charge of contributing to the delinquency of a minor and released on \$1,000 bond.

Icebergs are always freshwater ice.

HOPE (ARK) STAR, Printed by Offset

NORTH HAZEL  
(From page one)

presently the police are working 6-8 hour shifts each week. A study had been completed on a plan for the police to work 6-8 hour shifts and have two days off. The Board reviewed the plans for shifting of men to provide coverage in the busy hours of the day and weekends. The result will be a little less overall coverage, but the officials decided to try the new plan since it seemed that it would provide adequate police coverage, being the district office of the State Police, and with the County Sheriff's Department concentrated in Hope, all of which works smoothly in cooperation with the Police Department, and provides Hope with good police coverage.

In other actions, the Board approved the replacement of the engine on the ladder truck operated by the Fire Department, at an estimated cost of \$1,800, and also approved the purchase of a chassis for one of the 20 cubic yard Packer Trucks operated by the Sanitation Department.

The Planning and Zoning Commission submitted a proposed ordinance which would permit construction of churches in R-1 residential and in C-2 Highway Commercial zones. Under the present zoning laws, churches were not permitted in these areas and after several years experience the Commission found it was an unnecessary restriction. The City Board passed the ordinance making the changes in the zoning law however, locating a church in an

## Violence Is Still Threat to Pittsburgh

By JACK SHOLL  
Associated Press Writer  
PITTSBURGH (AP) — Black and white demonstrators rebounding from an angry confrontation with club-swinging police prepared to return to the streets today to press demands for more black memberships in trade unions.

"We're going to come back day after day until we get what we want," said Michael Dismond, a leader of the Black Construction Coalition protesting the low percentage of Negroes among the city's 30,000 trade union members.

"We're not going to tire in our efforts," said Dismond, shaking his fist. "We're angry now. What started as a peaceful demonstration has been turned into a nightmare of violence by police."

R-1 residential zone under the new regulations will require more clearance from the street lines and adequate parking.

Scheduled for this meeting also were Public Hearings on a proposal to pave a section of Edgewood Street and parts of North Berry and Bell Streets. There was no opposition to the proposals and the City will proceed with plans to pave these sections in cooperation with the local residents fronting along the proposed paving.

HEW Has Revised  
(from page one)

(file-noticed brief filed by the HEW general counsel's office in a discrimination action against the Raleigh, N.C., schools.

The brief asked the hearing examiner to make his findings in light of the appeals court decision.

HEW Secretary Robert H. Finch has yet to take a public position on the court decision. But qualified sources say Finch has made the basic decision to shift focus from system-wide segregation to program-by-program discrimination.

His liberal advisers are urging a broad definition of "program," such as elementary, adult and vocational, sources say. Conservative voices in the department advocate a narrower definition that would isolate each classroom activity.

## 15 Persons Killed in Soviet Crash

MOSCOW (AP) — About 15 persons were killed and at least as many injured Tuesday night when a Soviet airliner crashed landed at Moscow's Vnukovo Airport, witness said today.

The source, a foreigner who asked that his name be withheld, said he watched the plane approach the runway, then come down hard on its belly, skidding to a halt. Waiting fire engines that had been alerted immediately doused it, preventing a serious fire, he added.

This report conflicted with descriptions obtained at the airport by Western correspondents. One airport employee and several others said the plane "burned up."

## Engagement Announced

— Shipley Studio photo

RACHEL ANDRESS BATSON

Mr. and Mrs. Charles Franklin Batson, II of Hope announce the engagement and approaching marriage of their daughter, Rachel Andress, to Roger Eugene Nunn, son of Mr. and Mrs. James Thaddeus Nunn of Little Rock.

Miss Batson is presently attending Henderson State College where she is a Junior, a member of the Alpha Gamma Chapter of the Alpha Sigma Tau Sorority, Young Republicans, Readers Theatre, Masquer's Drama Club, AWS, and the Army ROTC Scout Guard.

Mr. Nunn is a graduate of Henderson with a BA degree where he was a member of the Kappa Iota Chapter of the Theta Xi fraternity, HSC Mental

Health Association, Young Republicans, and IFC Representative.

The wedding vows will be pledged October 3, 1969 at the First Baptist Church in Hope.

## Television and Radio

By CYNTHIA LOWRY  
AP Television-Radio Writer  
HOLLYWOOD (AP) — Frank Sutton was bellowing furiously at Jim Nabors. Jim Nabors, in that high-pitched, back-country voice, was innocently protesting.

The pair, abetted by a young New York actress named Karen Morrow, was rehearsing a sketch for the new "Jim Nabors Show." It could have been a rehearsal for the dear, departed "Gomer Pyle—USMC" which over the past five seasons made a top-Nielsen TV star of Nabors, and that was no coincidence.

The difference, when the sketch was put on tape two days later, was that both Sutton and Nabors were in civilian clothes instead of uniforms and were playing their new parts as brothers-in-law. The weekly sketch is one important way by which Gomer Pyle is being converted into Jim Nabors, singing,

dancing variety host, while—hopefully—carrying along that legion of Gomer fans.

During the rest of each show, Nabors will permit other facets of his performing repertoire to show.

The network, CBS, would have been happy to continue as long as there was life in the simple, innocent comedy of Gomer and his fearsome nemesis, Sgt. Carter. But Nabors wanted a change of pace and, unlike most TV stars, was determined to abandon Gomer when he was still ahead.

The new show, like most of the new and returning variety hours, will be a mixture of music, chorus dancing, comedy sketches and guest stars. Nabors will periodically uncork his rich, deep voice in solos, work in the comedy sketches and introduce the guest talent.

The run-through, held in a big CBS rehearsal hall, was watched closely by an audience of 50 or more—not one of them a casual onlooker and all working on or in the series.

Sutton, a Broadway dramatic actor who has been Nabors' foil during the Gomer years, mopped his brow and looked relieved after the rehearsal.

"Frank has never done anything like this," Nabors explained. "But we thought it would be good for the show if he came along over with us. We didn't want to push, but he thought it over and decided to do it. Now he's singing a little, dancing a little and doing fine."

Actually, the transformation of simple-minded Gomer Pyle into tall, well-dressed Jim Nabors has been in progress for several seasons. He has appeared out of comedy character in his own special variety hours several times and been a guest star on a lot of other shows.

Gomer has given Jim a handsome hilltop home in the San Fernando Valley which most often is shared by visiting members of his family from Sylacauga, Ala., a Rolls Royce, swimming pool, walls full of good art and a healthy bank account.

The question, which only can be answered in the coming months, is whether it is Jim or Gomer that the public really loves. On the answer hangs a lot of money, effort and the stuff that makes ulcers.

## Doesn't Migrate

Although the cardinal is commonest in the southern United States, it is seen locally as far north as New York. The bird does not migrate and a severe winter in the northern part of its range plays havoc with it.

## Wedding Vows Are Repeated

— Shipley Studio photo

MR. and MRS. KENNETH GARRY RUSSELL

Miss Marjorie Adair Hughes became the bride of Kenneth Garry Russell in a candlelight ceremony on August 2 at the home of the presiding minister, M.H. Peebles. Parents of the bride are Mr. and Mrs. W.O. Hughes of Houston, Texas. Mr. and Mrs. K.G. Russell of Hope are the parents of the groom.

The vows were repeated before an altar of white gladioli and polished greenery flanked on either side by 9 branched candelabra. Entering from the hallway on the arm of her grandfather, O.B. Montgomery, the bride wore a street length dress of white organza. She carried a colonial bouquet of Fleur d'amour and Majestic daisies. The bride's attendant Mrs. Ruth Cummings wore a dress of yellow peau de sole, and she carried a colonial bouquet of French carnations and Marguerite daisies.

For her granddaughter's wedding Mrs. Montgomery chose a navy blue print with matching accessories and a corsage of white carnations. Mrs. Russell wore an aqua ensemble of double-knit with white accessories and a corsage of white carnations.

Sammy Peebles served the

groom as best man.

Preceding the ceremony musical selections, "O Perfect Love," "My Heart At Thy Sweet Voice," and "O Promise Me" were rendered. The traditional wedding marches were used.

Following the ceremony a reception was held in the Peebles' home. The bride's table was covered with a cloth of lace applique net over white bridal satin. The double tiered wedding cake was decorated with sugar spun yellow roses. Pineapple punch was served from a crystal bowl. An arrangement of Golden Wave roses in a silver candelabra centered the table. Assisting at the table were Misses Sue and Kathy Montgomery, cousins of the bride, and Mrs. Irvin Betts. After the reception the couple left on a trip to south Texas.

The bride is a graduate of Henderson State College. This fall she will enter the University of Arkansas on a graduate assistantship, where she will work toward a Masters Degree in Drama and Speech. Mr. Russell is entering the military service and will be stationed at Lackland Air Force Base.

## Lamb Import Quota Has Little Chance

WASHINGTON (AP) — Odds are that a lamb import quota in racehorse clothing won't cross the finish line in Congress.

But Sen. Wallace F. Bennett is trying.

The Utah Republican already has won Senate Finance Committee approval of an amendment setting a lamb import quota as part of a House-approved measure designed to prevent multiple payment of customs duties on racehorses temporarily sent abroad.

But Bennett concedes the chances of final passage of his amendment are small.

The attempt is noteworthy because it is the only quota proposal—and a relatively minor one at that—which has been pushed hard this year in Congress. This is in contrast to recent years when there has been a drive to give a wide range of American industries import quota protection from foreign competition.

Two years ago the Johnson administration had to mount a major effort to turn back quota demands on products ranging from electronic gear to strawberries.

So far President Nixon has not had to face the problem.

All common members of the deer family have no gall bladders.

## Cubs Keep Losing and Mets Move Up

By MIKE RECHT  
Associated Press Sports Writer

For a while, it looked as if Leo Durocher wasn't going to get his wish, but the way his Chicago Cubs keep throwing away games and the New York Mets keep picking them up, Leo might get it after all.

Just last weekend, Durocher was saying how curious he was to find out how his players would react to pennant pressure. But the way the Cubs had been winning, it didn't appear as if there would be much pressure to react to.

However, all that has suddenly changed and after the Cubs lost again to Cincinnati 8-7 Tuesday afternoon, and the Mets swept a two-night doubleheader from San Diego 8-4 and 3-0, the pressure is on.

The results left the Mets only three games behind Chicago in the National League East and only one in the important loss column, quite a drop from the 9½-game lead the Cubs had only 14 days ago.

St. Louis and Pittsburgh missed golden opportunities to add still more pressure when the Cardinals split a two-nighter against Houston, winning 1-0 and then losing 4-2, and the Pirates lost to Atlanta 6-4.

The third-place Cardinals thus picked up only a half game and stand 7½ back, while the Pirates are eight behind.

The West Division needs no added pressure with one game still separating the first four teams after all won.

San Francisco clung to its half game, three percentage point lead over Cincinnati by clubbing Philadelphia 13-4, and Atlanta remained two points behind the Reds. Los Angeles is one game and seven points behind after bouncing Montreal 6-0. Fifth-place Houston is three games back.

In the American League, Minnesota beat Washington 6-4, Seattle edged Baltimore 2-1, Oakland outlasted Detroit 8-6 before falling short 9-6 in a twinnight, the Chicago White Sox nipped the New York Yankees 3-2 in 10 innings, Boston defeated Kansas City 4-1 and California downed Cleveland 8-4.

For the second day in a row, the Cubs fell far behind and then fell just short with a ninth inning rally that ended with a relief pitcher coming on to get the last out with the tying run on third base.

It marked the sixth defeat in eight games for the Cubs and their third in succession.

Cincinnati piled up seven runs in the first two innings on a flurry of singles, but the Cubs peeked away at Jim Merritt, 15-5, with homers by Don Young, Glen Beckert and Ernie Banks and Ken Rudolph's two-run pinch single in the seventh.

The Reds scored the winning run in the ninth for an 8-6 lead on Lee May's double, but a walk, Beckert's double and a sacrifice fly drove out Merritt in the bottom of the ninth.

And Durocher, a bit high-strung himself, wasn't even around to see his Cubs react. He was ejected in the second inning over a dispute involving a change of pitchers.

The Mets took full advantage later as Tom Seaver, 18-7, became the league's first 18-game winner with a four-hit first game victory and Jim McAndrew, 6-5, followed with a five hitter, running the Mets' winning streak to five games and 11 in their last 12 outings.

Don Clendenon and Ron Swoboda homered for the Mets and Cleon Jones rapped a tie-breaking two-run double in the open-er.

Al Weis and Art Shamsky singled in runs in the nightcap and another scored on a wild pitch as San Diego lost its fifth straight and 16th in 18 games.

Nelson Briles, 13-11, outduelled Larry Dierker, 16-10, with a four-hit and Julian Javier homered for St. Louis' victory, but the Astros broke a 2-2 dead- lock in the ninth inning of the nightcap on Julio Gotay's two-run pinch-hit single with two out.

Pittsburgh had an eight-game winning streak snapped as Atlanta rushed to a 6-0 lead. Willie Stargell's long homer with a man on in the eighth and a two-run single by Jerry May in the ninth made it close before rock-

le Paul Doyle stopped the Pirates with the tying runs on base.

San Francisco won its sixth game in a row in the afternoon behind Willie McCovey's 40th homer—a grand slam—a run-scoring single and a sacrifice fly and Bobby Bonds five RBI on two homers as Gaylord Perry, 16-10, breezed.

Claude Osteen, 17-11, gave seven hits and walked five, but pitched out of numerous jams as Los Angeles ended a four-game spin and stretched Monteal's losing streak to six. Willie Davis of the Dodgers extended his hitting streak to 23 games, longest in the majors.

## Bobcats Do Well for Fans Under Lights

By Ralph Rounton  
Star Sports Writer

Happily participating in the year's first scrimmaging, the Hope Bobcats performed enthusiastically last night before a large group of fans under the lights at Hammons Stadium.

It was the first of several workouts scheduled at night in the stadium, to acquaint the players again with the darkness.

Head Coach Ronnie Higgins was overall pleased with the effort, and had some kind words for the No. 1 defense, which got a good test. But in the midst of his praise Higgins still noted that the team still has a way to come before the opener next Friday night at Ashdown.

Senior Larry McWilliams sustained a light cut on his right eyelid, but it was not termed as serious and probably will not slow him down. Defensive half-back Sidney Waller missed the workout because of a sprained ankle he suffered yesterday.

What little word that has drifted over from Ashdown exudes with confidence that the 7-A champion Panthers will show their stuff again this year and win every game in sight.

Dick Hays in having to replace All-State quarterback in Bill Perry, our halfback Jimmy Eskew remains as the big running threat after an outstanding sophomore season.

Of the six teams in District 7-A, Hope will play of them, including Ashdown, DeQueen, Prescott, and Nashville. Those four have dominated their league for many years, too, and this year the other pair not on the Bobcat schedule are Gurdon and Foreman.

Mena is in the situation this season of being unable to compete anymore in Class A, but they joined 4-AA too late to work into anyone's schedules. So it will be another year for the Bearcats, who were never a football power anyway, but their basketball team will be right at home in the tough 4-AA, which has produced the state Class AA champion for two years in a row and is likely to again this year with the likes of Fairview, Camden, Camden Lincoln, and Malvern.

Shreveport Hurlers Stop Arkansas

SHREVEPORT, La. (AP) — Shreveport pitchers Mike McQueen and Aubrey Gatewood stopped Arkansas on three hits here Tuesday night as the Braves scored a 4-2 Texas League victory.

Faustino Zabala and Dusty Baker homered for the Braves. Billy Murphy collected all of Arkansas' hits.

Gatewood relieved McQueen after four innings with Shreveport trailing 2-0 and stopped the Travs on two hits the rest of the way.

The loss dropped Arkansas into a tie for first place in the Texas League Eastern Division with Memphis, which was idled by rain.

Arkansas jumped into the lead with two runs in the fourth on a single, walk and two errors.

Zabala closed it to 2-1 with his third homer of the year in the fifth and the Braves went ahead in the sixth with two runs on two singles, a walk, an infield hit, and a doubleplay grounder.

Baker homered in the seventh.

In other league action, Amarillo withstood an Albuquerque attack in the bottom of the ninth inning and hung on for a 5-4 victory.

## Reggie Has Struck Out for Oakland

By ED SCHUYLER JR.  
Associated Press Sports Writer

There is no joy in Oakland... mighty Reggie has struck out.

The time—Tuesday night. The place—Tiger Stadium. The situation—Oakland has scored five runs in the ninth inning to trail Detroit 9-6; there are two on and two out and Reggie Jackson, who leads the majors with 45 homers, is at bat.

Jackson went down swinging to saddle the Athletics with a split in the doubleheader and drop them two games behind Minnesota, the American League West leader, which beat Washington 6-4.

Oakland pounded out 15 hits and whipped Detroit 8-6 in the opener.

Seattle nipped Baltimore 2-1, the Chicago White Sox edged the New York Yankees 3-2 in 10 innings, Boston took Kansas City 4-1 and California topped Cleveland in other American League action.

In the National League, Cincinnati nipped the Chicago Cubs 8-7, San Francisco trounced Philadelphia 13-4, Atlanta downed Pittsburgh 6-4, St. Louis beat Houston 1-0 and then lost to the Astros 4-2, Los Angeles stopped Montreal 6-0 and the New York Mets swept San Diego 8-4 and 3-0.

Detroit built up a 9-1 lead in the second game as Mickey Stanley and Al Kaline each drove in three runs. Stanley, who also drove in three runs in the opener, hit a solo homer in the first inning and a two-run shot in the third. Kaline also hit two homers and Norm Cash one in the nightcap.

Earl Wilson, 11-8, gave up a run-scoring triple to Jackson in the sixth and was coasting along until the Athletics rallied in the ninth.

Tito Francona singled in Jackson, who had walked, another run scored on a bases-loaded walk, Bob Johnson singled in two more and the fifth scored on Dick Green's sacrifice fly. John Hiller, the third pitcher of the inning, then struck out Jackson.

Oakland jumped on Denny McLain, 20-6, for four runs in the third and built up a 6-0 lead. McLain had to break a 6-6 tie in the sixth to win. The winning run scored on Bert Campaneris' hit. McLain who was knocked out in the third was to receive a cortisone shot today for a sore arm.

Dave Boswell, 14-9, triggered a four-run Minnesota third inning with a solo homer, his second of the year, as the Twins moved to a 5-2 lead and held on to beat Washington.

Gene Brabender became Seattle's first 10-game winner, pitching a four-hitter and the Pilots snapped a 10-game losing streak and sent Baltimore to its fourth consecutive loss for the first time this season. The Orioles, however, still hold a comfortable 14-game lead over runnerup Detroit in the East Division.

Brabender, who also has lost 10, got the runs in he needed when Tommy Davis homered in the second and singled home Tommy Harper, who walked and stole his 62nd base, in the sixth.

Bill Melton doubled home two unearned runs with two out in the ninth to tie the Yankees, and then California won it in the 10th on Pete Ward's sacrifice fly after the Yanks had committed two errors and a passed ball.

Frank Fernandez hit a two-run homer for New York in the first. Rookie Mike Nagy, 9-2, scattered eight hits and Carl Yastrzemski drove in three runs with his 33rd homer in Boston's victory over Kansas City.

fourth on a single, walk and two errors.

Zabala closed it to 2-1 with his third homer of the year in the fifth and the Braves went ahead in the sixth with two runs on two singles, a walk, an infield hit, and a doubleplay grounder.

Baker homered in the seventh.

In other league action, Amarillo withstood an Albuquerque attack in the bottom of the ninth inning and hung on for a 5-4 victory.

## Contrast in Amateur Golf Startling

By RALPH BERNSTEIN  
Associated Press Sports Writer

PITTSBURGH (AP) — The contrast is startling. First, you have Bruce Fleisher, 20, and as many years of amateur golf ahead of him as he chooses. Then, there is Billy Hyndman, still shooting for his golf moon at 53.

Both started around Oakmont Country Club's 6,892-yard course today in the 69th annual U.S. Amateur Golf Championship. Fleisher is the defending champion. He won it in his first try. Hyndman was making his 17th bid since his first in 1949.

These young and old were part of a field of 150 seeking the title in the four-day, 72-hole tournament. The top 60 scorers and ties will qualify for the final 36 holes. Uncle Sam's victorious Walker Cup team was here in body, along with its victim of last week, the Walker Cup team of Great Britain.

Fleisher expressed confidence in his ability to do something only six others have accomplished—win back-to-back national amateur titles. Harvie Ward last did it in 1955-56. Although he said he was confident, the usually flamboyant Fleisher didn't sound convincing.

Hyndman, an insurance executive from Huntingdon Valley, Pa., who has two sons older than most of

## Kiwanis Meet Speaker

— Henry Haynes photos with Star camera

WALTER ALLEN

Walter Allen of the State ESD was guest speaker at Tuesday's meeting of the Hope Kiwanis Club. Mr. Allen, of Little Rock, is working through the local Employment Security Division office in directing a house to house survey of Hempstead labor market. This is a cooperative effort on the part of the Hope-Hempstead Chamber of Commerce, the AIDC, ESD, Hope Industrial Foundation and the Economic

Development District. At Tuesday's meeting Bill McClendon, an active member of the Arkansas Officials Association, presented a plaque to Teddy Jones in appreciation of past services to the Association. Mr. Jones is author of the Constitution and By-laws of the Association. He has retired from active participation as an official but is a life member of the Association.

## Officer Failed to Get Men Back, Relieved

By GEORGE ESPER Associated Press Writer SAIGON (AP) — The young American lieutenant who couldn't get his men back into battle last Sunday has been relieved of his command. His battalion commander, Lt. Col. Robert C. Bacon of Falls Church, Va., said today that Lt. Eugene Shurtz Jr., 26, of Davenport, Iowa, had been relieved as commander of Alpha Company and would be given a new assignment with the 196th Light Infantry Brigade. "I went out to relieve him personally," Bacon said in a telephone interview from his

headquarters in the foothills southwest of Da Nang. "I wasn't satisfied with the progress the company was making," Alpha Company suffered heavy casualties last week in five consecutive days of assaults on a labyrinth of North Vietnamese bunkers and trench lines on the slopes of Nui Lon Mountain. Ordered to move out again Sunday, Shurtz told Bacon over a field telephone: "I am sorry, sir, but my men refuse to go. We cannot move out." Bacon sent his executive officer, Maj. Richard Waite of Reynoldsville, Pa., and Sgt. Okey Blankenship of Panther, W.Va., a Vietnam veteran, to the scene. Blankenship finally persuaded the men to get moving. They ran into no opposition. Bacon said that Capt. Bernard F. Wolpers, a native of Germany who is now a U.S. citizen, had replaced Shurtz as company commander. The colonel said the company's refusal to follow Shurtz's orders "was certainly a contributing factor" in his decision to change commanders, but that the action "was not solely based on that."

"I made the decision for a lot of reasons," he said. "I don't think he had the experience to handle the job... The company wasn't responsive; it was dragging its feet. A spokesman for the Americal Division said five enlisted men had questioned Shurtz's orders to move out, but that all five had finally gone with the rest of the company "and the company completed its mission." Both Bacon and the spokesman said no charges are pending against anyone and no formal investigation is being conducted. He said the company is still operating in the field but has not been involved in any significant fighting since last Saturday. Shurtz had been in Vietnam only a month and was commander of Alpha Company for three weeks. Bacon took command of the battalion last Thursday after his predecessor, Lt. Col. Eli P. Howard of Woodridge, Va., was killed in a helicopter crash. Bacon said he did not consider the Alpha Company incident "a big problem."

"I've seen similar type things happen," he said.

## Wolman Trying to Repurchase the Eagles

To paraphrase Vince Lombardi: Money isn't everything... It's the only thing. Ask Jerry Wolman and Leroy Keyes. Wolman, in a kind of "gold line stand", has come up with a new scheme to buy back the Philadelphia Eagles, and Leroy Keyes is considering a "substantial contract offer" to play in the Canadian Football League. Wolman's latest plan was presented to federal bankruptcy referee Joseph O. Kaiser in U.S. District Court in Baltimore Tuesday. It involves a new partner, Washington financier Thomas Shaheen, and a few Wolman businesses—the Sellow Cab companies of Philadelphia and Camden and the Yellow Limousine Service. Hyman Tadelbaum, Wolman's lawyer, said Wolman hopes to

repay \$3 million to creditors over a 10-year period, with the latest plan. But, he said, the exact method of financing the repayment plan has not been determined. He explained the \$3 million could be raised from revenues of the firm; from a refinancing of the debts using the companies as security, or through a merger of the businesses with a prominent, yet unspecified company that is listed on the American Stock Exchange. Tadelbaum said the referee's approval of a Wolman-Shaheen venture would place the men in a position to reclaim the Eagles, sold earlier this year for \$16.1 million to Leonard Tose of Norristown, Pa. The availability of the National Football League team for purchase, however, is a matter of debate between Tose and Wolman. Wolman insists he's still able to execute a buy-back clause in the sale agreement—but Tose disagrees, saying any such clause has been voided. Meanwhile, the British Colum-

bia Lions of the Canadian Football League say they have made a "substantial contract offer" to Keyes, the Eagles' No. 1 draft choice. Danny Velitch, Lions' general manager, said the club has been dealing with Keyes, agent, Arthur Morse, and a final decision is expected from the Purdue star Thursday. Terms of the Lions' offer were not disclosed and Velitch said no other financier or parties are involved in the negotiations. Keyes recently broke off dealings with the Eagles when they failed to agree to terms on a three-year contract. In Santa Barbara, Calif., the San Francisco 49ers also are having trouble signing Clifton McNeil, the NFL's leading receiver. McNeil met with 49er General Manager Jack White, but they failed to agree on a contract. There was no report on any planned future meetings.

The Appalachian Trail is a hiking trail only, not a motor road.

## A MEMORABLE BOOK FOR MOON-STRUCK BOYS

## AVAILABLE NOW THROUGH THIS NEWSPAPER...

... this is one of the finest opportunities to purchase a splendid book that you will treasure for yourself, your children and their children in years to come.

**FOOTPRINTS ON THE MOON** is special. Prepared by the world's foremost newsgathering organization, The Associated Press, it tells in complete detail and vivid full color photographs the story of America's successful race to the moon. From the first sub-orbital flight by Alan Shepard to Astronaut Armstrong's first steps on the lunar surface, it is a book to read, study and re-read again.

This handsome memento is a quality volume that belongs on everyone's bookshelf as a lasting memento of an event that will rank forever among the greatest exploits of man. See below how you can send for your book today.

Pass	5 ♠	Pass	6 ♠
Pass	Pass	Pass	Pass
Opening lead—♣ A			

The Blackwood Convention is probably the most popular of all conventions.

West studied his opening lead for awhile and finally played his ace of clubs. East produced the jack and won the club continuation with his king. South was down one before he could get started. He had tricks to burn from then on but there was no profit in that.

North was very annoyed. "I bid game. What right did you have to go on?"

South replied, "I had every right to go on. My one-spade response might have been made with as little as six points. I held 14 high-card points plus distribution. If you had anything like your four-spade bid, we would have been trying for seven instead of going down at six."

We side with South in this matter. North's jump to four spades was a tremendous overbid. He had four spades and a sound opening bid, but he could have showed all that with a simple two-spade raise. Or, if he felt like overbidding a trifle he could have raised to three.

In these situations where your partner has given very little information about his hand, the higher you raise him the more you should hold. Thus, a jump to three spades would be highly invitational but not absolutely forcing and therefore weaker than the jump to game.

South did not hold an ideal hand for Blackwood. When North showed only two aces he had potentially two quick club losers. Likewise, South felt that North should not have had two quick losers in that suit.

Of course, if West had led anything but a club, South would have made his slam and there would have been no argument.

(Newspaper Enterprise Assn.)

## ♥ ♣ CARD Sense ♦ ♠

Q—The bidding has been:  
West North East South  
Pass 2 ♠ Pass 1 ♠  
Pass 4 ♠ Pass ?  
You, South, hold:  
♠ A K 9 8 4 ♥ Q 6 5 ♦ A K 10 4 ♣ 2  
What do you do now?

A—Bid five spades. You are very much interested in getting to a slam but you are afraid of two quick losers in hearts. This bid warns your partner of your fears.

## TODAY'S QUESTION

You do bid five spades and your partner bids six hearts. What do you do now?

Answer Tomorrow

## WORLD ALMANAC FACTS

America's nearly 100 million registered motor vehicles traveled an estimated one trillion, 10 billion miles in 1968. The World Almanac says. The mileage was a 4.6 per cent increase over 1967 and is the equivalent of 40.4 million trips around the earth at the equator. In 1967, the average passenger car, 81 per cent of all registrations, traveled 9,582 miles, burned 686 gallons of gas, and got 13.96 miles per gallon.

## THE DOCTOR SAYS

### Fatigue and Tension-- Factors in Leg Cramps

By WAYNE G. BRANDSTADT, M.D.

Cramps in one or both feet or legs, often occurring after one goes to bed, are as annoying as they are common. The attacks may occur once or twice a week or several times every night. For immediate relief, most victims jump out of bed and keep on jumping, or vigorously massage their feet or legs. But what about preventing the attacks?

In a little-publicized study 10 years ago, Dr. W. B. Rawls and his co-workers used quinine, niacin, tolazoline, antihistamines, meprobamate, nylidrin and several other drugs on a series of 200 patients with cramps to see which worked best. None of these drugs when used alone gave consistently satisfactory results. Then, based on the known physiologic action of quinine and aminophylline, they decided to use these two drugs in combination and found that the attacks completely in 94 per cent of the patients.

A few of the patients had to discontinue the treatment because they were sensitive to one or both drugs and developed hives, diarrhea, ringing of the ears or dizziness, but in most of those who got relief the drugs could be withdrawn after a few weeks. If the cramps did return later it could be shown that excessive fatigue or nervous tension was a precipitating factor. Another course of treatment again gave relief. This drug, which requires a prescription, is marketed under the name Quinamm.

Q—Would you say that a receptionist trained by a registered nurse for about 10 days in a doctor's office should be allowed to give shots and take blood pressures?

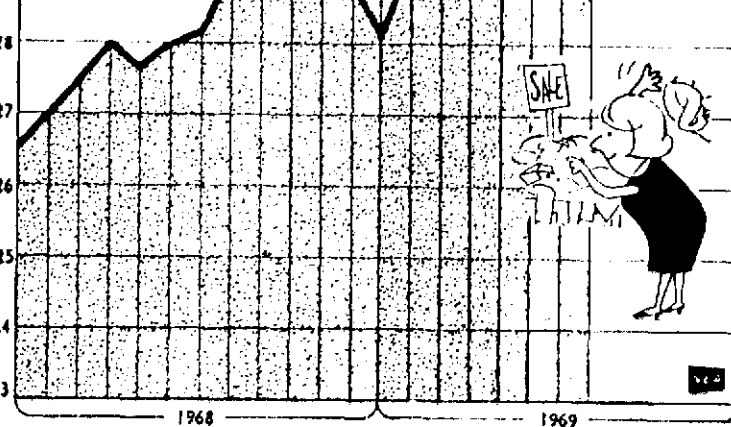

A—Ten days is enough time for a normally bright receptionist to learn to handle certain routine procedures but not long enough to learn to deal with unforeseen complications. She should never perform these or other similar services unless the doctor is in the office.

Q—My daughter has had a pilonidal cyst lanced twice. Is there any permanent cure for it?

A—Hair cysts at the base of the spine usually become infected and are slow to heal. The only cure is complete removal of the cyst. If any part of it is left behind a new cyst will form.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

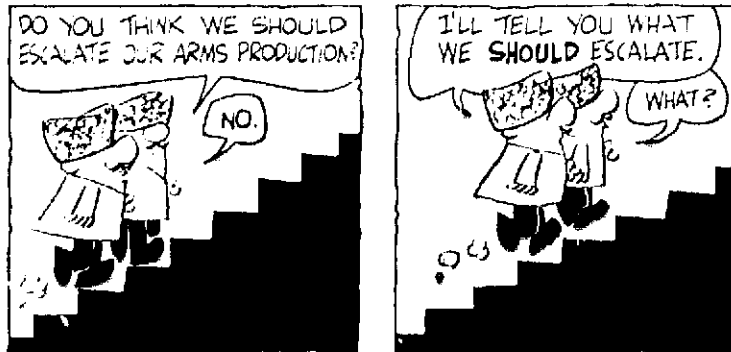

## CONSUMER QUICKIES

Mrs. Consumer and her spouse shopped at the rate of \$29.48 billion in July, a slight upward trend from June's \$29.34 billion. Data are for retail sales, seasonally adjusted, and are according to preliminary reports for July.

HOPE NEWSPAPER HISTORY: The 1929 consolidation joined the two principal newspaper lines dating back to within five years of Hope's incorporation in 1875.

1899 — Star of Hope founded as a weekly by Claude McCorkle; converted to an evening daily by his son, Ed. McCorkle, publishing until the 1929 consolidation.

The opposition line:  
1880 — Hope News founded by Lowry Brothers.  
1883 — Sold to Withers & Johnson, name changed to Hope Telegraph.

1883 — Later in same year resold to Claude McCorkle and renamed Hope Mercury.

1884 — Sold to James H. Betts, who named it Hope Gazette, under which name it was published continuously until 1922, published by Betts, J.L. Tullis, and Col. W.W. Folsom the last-named dying in 1916.

1916 — Purkins & Gates bought the weekly Gazette and made it a companion paper to their new daily, Arkansas Evening Herald — but both papers suspended in 1922.

1926 — Plant was revived by Curtis Cannon as the weekly Hempstead County Review.

1927 — Cannon sold plant to D.A. Gean, who established the morning Hope Daily Press.

1929 — C. E. Palmer and A.H. Washburn consolidated The Star and the Press as Hope Star, with Palmer as president and Washburn secretary-treasurer.

## Johnsons and Nixons to Celebration

By FRANCES LEWINE  
Associated Press Writer  
SAN CLEMENTE, Calif. (AP) — The Richard M. Nixons and the Lyndon B. Johnsons get together today for a birthday celebration and a sentimental journey into the California redwood forests.

The President gave the gathering an official purpose: To dedicate a Lady Bird Johnson grove in the Redwood National Park with a plaque hailing the former first lady's "devoted service to the cause of preserving and enhancing America's natural beauty for the enjoyment of all the people."

There also was a personal purpose: To celebrate Johnson's 61st birthday with an informal luncheon featuring a three-layer birthday cake with yellow roses and bluebonnets on it.

Nixon sent one of the two huge blue and white presidential jet planes to Bergstrom Air Force Base in Austin, Tex., to pick up the Johnson family, including daughters Luci and Lynda and their husbands, Patrick J. Nugent and Marine Maj. Charles S. Robb, and fly them to nearby El Toro Marine Air Station near here.

Interior Secretary Walter J. Hickel was named master of ceremonies for the dedication in the 58,000-acre Redwood National Park, 670 miles north of San Clemente.

The Rev. Billy Graham, friend of the Nixons and Johnsons, was on hand to deliver a prayer and California Gov. Ronald Reagan arranged to join the group.

On Oct. 2, 1968, Johnson signed the law that established the park. Mrs. Johnson stood beneath a 234-foot, 675-year old redwood to dedicate it Nov. 25, 1968. It was her farewell trip as first lady.

The Johnsons were to arrive at the Nixon's new \$340,000 oceanfront summer home at 10:30 a.m. Nixon set aside time before a noontime luncheon for a private talk with his predecessor in office. Meanwhile Mrs. Nixon planned to show the others around her newly decorated Spanish-style home.

Only an hour was allotted for lunch so the party could get a 1 p.m. start for the redwoods.

One member of the Nixon family was absent, Tricia Nixon, 23, was in Walter Reed Army Hospital in Washington, D.C., where doctors were trying to find the cause of persistent abdominal pains.

## Court Docket

### CITY DOCKET

James D. Hall, K.G. Montgomery Drunkenness, Plea guilty, fined \$16.50.

Thomas G. Hepp, Bud Schober, Riley Williams No driver's license, Forfeited \$11.50 cash bond.

T.N. Buckley Driving while intoxicated, Plea guilty, fined \$106.50 and 1 day in jail.

Frankie Brown Driving while intoxicated (2nd offense within 1 Year), Plea guilty, fined \$356.50, 15 days in jail, driver's license suspended for one year.

Phillip Stafford No State vehicle license, Forfeited \$16.50 cash bond.

Riley Williams Racing on highway, Forfeited \$56.50 cash bond.

Leland D. Hall, William C. Kennedy, Glen Dean Lambert Following too close to another vehicle, Forfeited \$16.50 cash bond.

Hardie G. Owens Permitting unlicensed driver to drive vehicle, Forfeited \$16.50 cash bond.

Bobby L. Turner Hazardous driving, Forfeited \$16.50 cash bond.

Walter Scott Pettit Larceny, Plea guilty, fined \$31.50.

LeRoy Valentine Assault & Battery, Plea guilty, fined \$10.00 and \$6.50 cost; suspended on good behavior.

T.J. Jenkins, Johnnie Stinson Assault with a deadly weapon, Plea guilty, fined \$56.50. Johnnie Stinson Carrying concealed weapon, Plea guilty, fined \$56.50.

Clarice Valentine Disturbing the peace, Dismissed at defendant's cost.

Bernard Allen, Ray Abney, Burnell Stuart, Frank Volentine Assault and battery, dismissed.

Gay Credit No driver's license Dismissed.

Edna Lee Allen, Edna Daniels, Julia D. Gossett, Frank Volentine Disturbing the peace, Dismissed.

Grady D. Pitter No driver's license, Forfeited \$25.16 cash bond.

Johnny Sampson Driving while intoxicated, Plea guilty, fined \$136.15 and 1 day in jail.

Willie Brown No vehicle license \$10.00 fine and \$21.15 costs suspended.

Richard Phillips Driving left of center line, Forfeited \$26.15 cash bond.

Gary E. Johnson, Harris Johnson, Louie E. Powell, Arthur Roller Speeding, Forfeited \$26.15 cash bond.

James H. Finegan, Patrick L. Finegan Drinking intoxicating liquor on highway, Forfeited \$31.15 cash bond.

Gerald Corbell Giving an overdraft, Dismissed; checks and cost paid.

Olin Hanle Illegal possession of deer, Tried on plea of not guilty; found guilty; fined \$171.15; notice of appeal.

Arkansas-La Gas Co, Bob Chambers, Frizzell Lumber Co., Harry R. Goodman, Hayes Bros Overweight, Forfeited \$46.15 cash bond.

Widener's No ACC Authority, Forfeited \$121.15 cash bond.

John Leal Wholesale, Tex-Cal Farmers & Ranchers Co-Op No ACC Authority, Forfeited \$196.65 cash bond.

Curtis Caughlin Improper traffic, Dismissed.

## Saints Coach Talks About 8-6 Season

By BEN THOMAS  
Associated Press Sports Writer

NEW ORLEANS (AP)— An optimistic coach, perhaps over 16 so. A determined, but erratic quarterback. Some aging defensive stars. Eager Rookies, some quite impressive. And two running backs, talented—but troublesome in the past.

Put them altogether, throw in a few other bodies and you have the 1969 version of the New Orleans Saints—still the baby of the National Football League.

Coach Tom Fears is talking about an 8-6 season. He's serious. The Saints, however, must show tremendous improvement over their preseason performances to date if Fears is to win

Morris Grover Thompson, Garnishee, Judgment of July 8, 1969, against garnishee vacated and set aside.

any coaching or prognosticating awards.

One problem — and Fears won't admit it publicly—is a number of players on the "no-no" list when it comes to cutting to the final 40. These are the favorites of John W. Mecom Jr., the brash young multimillionaire owner.

Nevertheless, the Saints could surprise a lot of people. A year ago, chief defensive coach Jack Gaflukner, using complicated and sophisticated alignments along with ageless Doug Atkins and youngsters like Bo Burris and Dave Rose, led the league in pass defense.

Atkins, now 39 and probably in his final season, will set the NFL longevity record—17 seasons—when he steps on the field here Sept. 21 to play the Washington Redskins. It just doesn't seem possible that he can be of much help to New Orleans, but that's what they said about the 6-foot-8, 280-pound Tennessee Terror a year ago—and he made second team All-NFL.

Faulkner and Fears are more fearful of injuries than most coaches. The Saints just don't have the depth—particularly at

defensive end and linebacker.

With the shift of Jerry Sturm to center, the offensive interior line appears better. One of the weaknesses, perhaps the biggest one, in the past two years was the team's inability to consistently mount a running threat from tackle to tackle.

With the acquisition of Andy Livingston and Joe Don Looney, coupled with a better offensive line, this problem should dwindle.

Tom Broadhead, a rookie who was New Orleans' 12th round draft pick, has won rave notices from the coaching staff for his running.

Bill Kilmer, who defied doctors who said he'd never walk again after a near-fatal auto accident, has the No. 1 quarterback job. Kilmer has the tenacity and charisma of a leader but he himself admits to mental lapses on the field.

Recently acquired Jim Nowski, who has quarterbacked for three other NFL teams in the past 11 seasons, may be ready to blossom, just like Earl Morrall, whom he beat out in 1961 at Detroit, did last year with the Baltimore Colts. Edd

Hargett, a 16th round draft pick from Texas A&M, has been called by Fears "the finest rookie quarterback I've ever seen." Hargett completed 8 of 9 passes in a last-minute touchdown drive last week against Pittsburgh. The Saints had thought previously of putting him on the taxi squad but will probably have to keep him on the active list to keep other teams from claiming him on waivers.

## Discrimination Suit Is Filed

LITTLE ROCK (AP) — A suit was filed Tuesday in U.S. District Court at Little Rock, charging that the Benton School Board discriminated against Mrs. Josie M. Cunningham, a Negro, because of her race.

The suit said that Mrs. Cunningham had been a teacher in the Benton school system since 1959 but that she had been assigned as a librarian for the 1969-70 school year.

The suit asks that Mrs. Cunningham be returned to teaching high school classes in home economics and general science

## New Assaults Planned on Defense Budget

By WALTER R. MEARS  
Associated Press Writer  
WASHINGTON (AP) — Senators critical of the defense budget are planning new assaults on it despite a Pentagon campaign depicting further cuts as dangerous.

Sen. Clifford P. Case, R-N.J., said the Senate no longer will accept as infallible the judgment of the Pentagon or the White House on weapons spending.

When the Senate reconvenes one week from today, it will take up once again an amendment to cut \$533 million for the giant C5A transport plane from the defense budget.

Action is due later on an amendment sponsored by Case and Sen. Walter F. Mondale, D-Minn., to slice \$377 million programmed for work on a nuclear-powered aircraft carrier. Sen. Vance Hartke, D-Ind., is considering an effort to knock

Wednesday, August 27, 1969  
out \$239 million for the new F14A Navy fighter plane.

Sen. George S. McGovern, D-S.D., is challenging a \$90.2 million item for research and development work on a new manned bomber.

And there may be other attempts to trim the \$20 billion bill authorizing weapons purchases, research and development spending, and other military outlays.

The overall military budget now stands at some \$77 billion. Secretary of Defense Melvin R. Laird said Tuesday those demanding further big cuts in that budget "are urging a very dangerous course."

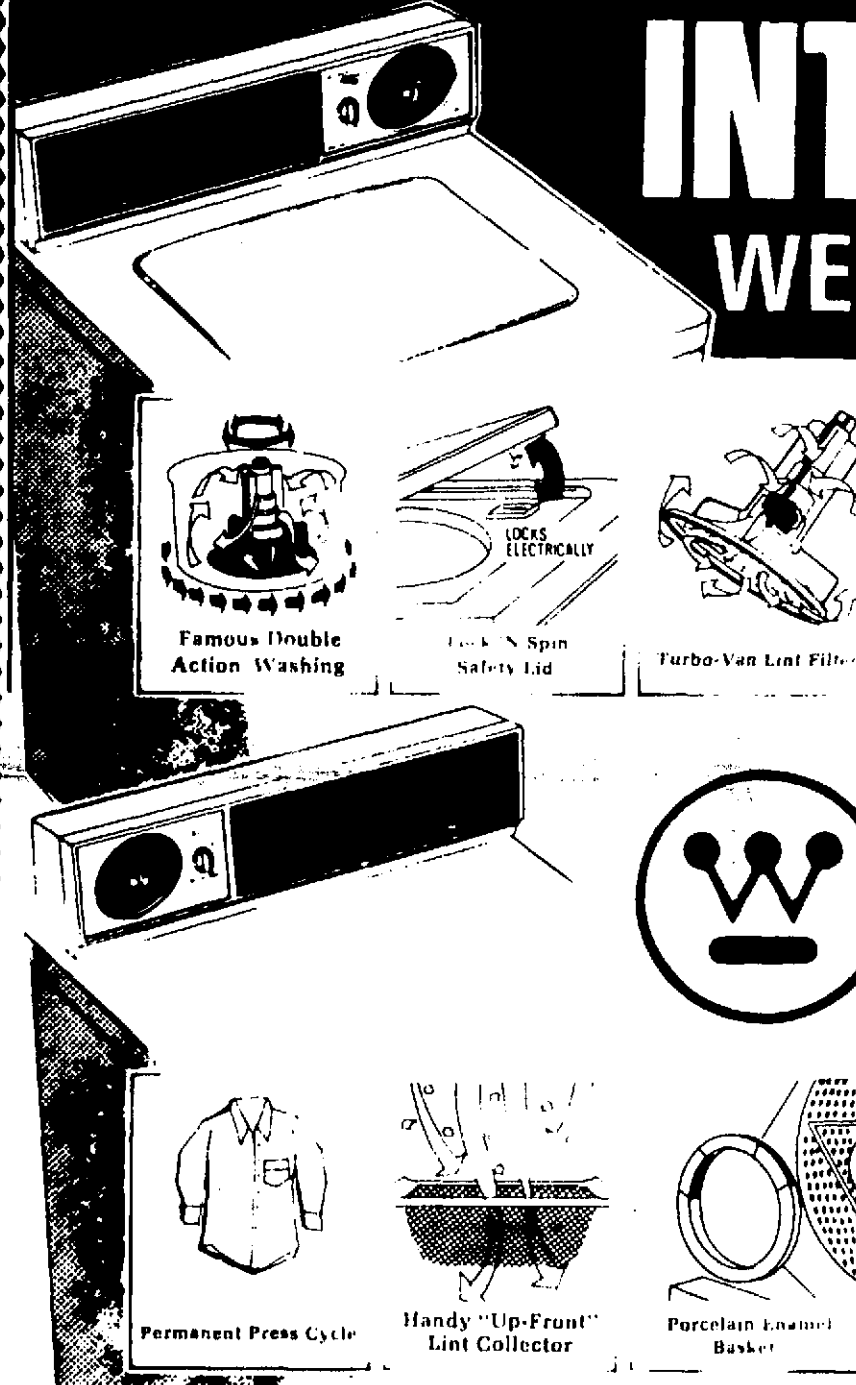

Laird told the American Legion national convention in Atlanta that the defense budget has been trimmed \$4.1 billion since the new administration took over.

But Case, in a report to his New Jersey constituents, said the long Senate battle over Pentagon spending reflects an irreversible change in approach to the defense problem.

Shadow boxing is boxing without an opponent.

### Federalization of America's Cities? A Resolute 'No!'

In a letter Monday to Jack D. Maltester of San Leandro, Calif., president of the United States Conference of Mayors, Sen. John G. Tower, Texas Republican, wrote that he would vote against the House-passed proposal to knock out the tax-exemption of municipal bond interest when the bill comes before the Senate.

Sen. Tower noted that a counter proposal is being advanced to reimburse the cities with a federal subsidy in place of interest tax-exemption. On this the senator wrote:

"Not only is it dangerous to further extend the stifling uniformity of federal control, but it is also senseless to introduce the federal bureaucracy, with all its attendant red tape, into a capital-raising system that functions very well without it."

Sen. Tower backs up the long-time editorial platform of this newspaper—never let the federal government do anything for the local community that the local community has demonstrated in the past it could do for itself. Furthermore, oppose any federal aid to solvent local communities when it means adding to the debt of an almost bankrupt central government.

Your editor fought Hope's new Post Office and Federal Building because it simply added \$400,000 to the federal debt, and while we couldn't whip the free-spenders at the time we did manage to hold up construction for a year.

We fought—and did stop—a proposed \$250,000 federal grant to a projected city-wide street-paving program.

Some eager-beavers growled against the newspaper on both the post office and the street paving issues.

Other cities, they argued, are getting federal money—why not Hope?

But the national government with an ever-mounting debt is close to bankruptcy. If a neighboring business were on the verge of going under would that be any excuse for not trying to keep your own firm solvent?

"Me Too" is a fool's philosophy. Look what happened. Federal spending got out of hand—and you got right across your precious neck the 10 per cent federal income surtax.

Do you want more of this—or have you seen the light and resolved in local as well as federal affairs to straighten up and fly right?

## Defense Buying Lowest in Three Years

WASHINGTON (AP) — Defense purchases in the first half of this year constituted a smaller part of the nation's gross national product than for any time since the end of 1966, the Commerce Department said today.

Asst. Secretary William H. Chartener in a broad review of trade and defense spending, said the defense purchases indicate "a diminishing impact of defense spending on the total economy."

Chartener also reported that the nation, as of the end of July, has "now had 102 consecutive months of increase in economic activity," and said he did not see any sign that inflation will ease over the rest of this year.

## Hurricane Eve's Threat Has Eased

MIAMI, Fla. (AP) — A cooling atmosphere softened the fury of tropical storm Eve's wind system today, easing the threat to the middle Atlantic coastline.

Maximum winds early today were estimated at no more than 40 miles an hour, a reduction of 20 m.p.h. during a 12-hour period as the storm maintained a slow drift toward the northeast off North Carolina's coast.

"Conditions do not favor significant intensification," forecaster Neil Frank said at the National Hurricane Center in Miami.

## More Riots Break Out at Forrest City

FORREST CITY, Ark. (AP) — Two units of the Arkansas National Guard were placed on alert today after three persons were slightly injured and two cars were burned Tuesday night at Forrest City by a crowd of white persons that ranged from 200 to 1,000.

Robert Faulkner, executive secretary to Gov. Winthrop Rockefeller, said the guard units were placed on alert but "They have not been called out."

"I can assure you we are keeping a very close watch on Forrest City," he said.

Among the injured was Lance "Sweet Willie" Watson of Memphis, a member of a black militant group there called the Invaders, who last week completed a 130-mile walk across East Arkansas.

Watson was reported in "very satisfactory" condition at a Little Rock hospital. He was reported to have been beaten with the butt of a rifle.

Two newsmen also were attacked by the mob. They were Jerry Christophe of radio station KXJK, and Bonner McCollum, publisher of the Forrest City Times-Herald.

Christopher said he received a few punches from the mob. McCollum said his clothes were ripped before he managed to escape in his car.

Police Chief Marvin Gunn said the violence began when a "group of whites got stirred up and began a march from downtown" and "got mixed up with a bunch of coloreds."

Gunn said persons exchanged punches and that some bottles were thrown.

About 20 white persons picketed City Hall and the Police Department earlier Tuesday, demanding that all laws be enforced to the letter.

The pickets sprung up after arrests were made in two alleged rapes by Negroes of white women in the city Saturday and Monday nights.

"It's a tense situation over here," McCollum said today. He said he did not want to discuss the incident further.

He said he was not injured. "I was not hit by anyone," he said. "My clothes were ripped, but they were not ripped off my back as erroneous reports stated."

A curfew was clamped on the city at 8 p.m. Tuesday but was lifted at 6 a.m. today. No incidents were reported today.

Forrest City has been racially tense for several weeks. Negroes have been picketing downtown merchants, protesting racial injustices.

In another development, an organizational meeting of a group to be called "Concerned Citizens for Law and Order" is scheduled for tonight at the St. Francis County Courthouse.

## Greatest Living Jazz Figure Likes to Rest With Feet Propped Up

By HAL BOYLE

NEW YORK (AP) — Duke Ellington probably the greatest living figure in jazz, is a man who likes to have his feet higher than his head when he rests.

A visitor to his hotel room found the elderly band leader, relaxing before doing his nightly stint at the Rainbow Grill, comfortably lying on his back in bed with both feet cushioned in a pillow propped against the wall above the bedstead.

As informal in attire as in posture, the Duke wore nothing but a pair of black socks, a white sweat shirt, and an old black stocking cap. Peering owlishly from beneath the cap, Duke gestured at his elevated feet and said:

"The heart doesn't have to work so hard this way. My doctor saw me doing this and thought it was great."

Two waiters entered with a steak dinner, wheeled the table to his bedside and left. Sitting up, Ellington bowed his head and murmured a few words under his breath before attacking the steak.

"I say my prayers," he remarked. "When you say the

## Racial Suit Filed at Little Rock

LITTLE ROCK (AP) — A public relations specialist for the Urban League of Greater Little Rock filed a suit Tuesday in U.S. District Court at Little Rock, charging that she had been denied an apartment in a Little Rock apartment complex because of her race.

The suit was filed by Sharland Lewis, 24, a Negro.

The suit is the first to be filed in Arkansas under the Fair Housing Act of 1968.

## Army Stops Accepting M1 Rifles

By BOB HORTON

WASHINGTON (AP) — Calling the weapons poorly made, the Army has stopped accepting M16 rifles produced by a Massachusetts company involved last year in a contract award that raised the ire of Congress.

The Army says in effect that the Harrington & Richardson Co., of Worcester, Mass., has been turning out shoddy rifles but it hopes the suspension of M16 acceptances will be temporary.

In response to questions, the Army said it had rejected five lots totaling 5,000 rifles before suspending further acceptances last July 25. The company is behind in deliveries by 12,866 weapons.

"The contractor was not complying with the contractually prescribed quality assurance program," the Army said. "Some rifles failed to pass function, endurance and targeting and accuracy tests."

Furthermore, H&R's M16s failed final examinations because of such flaws as defective barrels and bolt carriers and improper lubrication, the Army said.

The Defense Contracting Administration Service has been called into the situation and with the Army is trying to help H&R straighten out the quality problem, officers said.

In Worcester, H&R president C. Edward Rowe Jr., said he would have no comment.

The Army irritated Congress last year when it picked H&R and General Motors Corp. of Ypsilanti, Mich., to become second and third producers of the rapid-firing M16 even though two other companies said they could produce the rifles more cheaply.

On the initial contracts, H&R had a ceiling price of \$41.5 million and GM \$56.3 million for M16 production. By contrast, Maremont Corp. of Saco, Maine, indicated a ceiling price of \$36.5 million and Cadillac Gage offered \$36.8 million.

Neither Maremont's nor Cadillac's estimates were considered in the bidding because the Army doubted they could produce M16s fast enough.

The City Board is planning to ask for an appointment with the State Highway Commission to assure them that there is a general community approval of a suggested route, which would include an underpass in the area of Shover Street, and that engineering studies prove this to be unfeasible, would support an alternate route connecting into the eastern city limits. Hobart Shirley and Dean Murphy, spokesmen for the group, assured the City officials that they would get a delegation from that area to support the city in its appeal to the State Highway Department.

The Board reviewed a study that had been made of working hours for the Police Department.

SEE NORTH HAZEL (On page two)

Patrolman Dismissed

LITTLE ROCK (AP) — Lester Hall, a Little Rock Patrolman, has been dismissed for "mistreating" of a prisoner.

Little Rock Police Chief R. E. Briens made the announcement Tuesday, and indicated that Hall's dismissal was not connected to a charge leveled earlier this month by several Negro groups that Hall had slapped a 13-year-old mentally retarded Negro girl.

Briens called the incident which prompted Hall's dismissal a "new one."

The incident earlier this month was investigated by the Civil Service Commission, which ruled that it found no intent on the part of Hall or another officer to be abusive.

The cost of replacing window panes in the system this summer has been \$575 for labor and glass.

Mr. Jones issued the following: "We hope parents will assist in this problem before you are faced with a bill that you can't pay or wouldn't want to pay because of the irresponsible acts of your child. 90 per cent of this problem centers around two schools."

"We ask that all traffic around schools be eliminated unless there are scheduled activities supervised by authorized personnel."

"We are trying to build a program of education for every child in this school district and we need every dollar to do this."

## Parents Asked to Help Halt Vandalism

All parents are asked, and expected, to cooperate in helping to eliminate vandalism in our schools, Superintendent James H. Jones, stated today.

Damage to buildings, equipment, and window breakage, is costly and senseless. Anyone breaking in, or entering buildings, or damaging equipment, or window breakage, will be held fully accountable along with the parent.

The cost of replacing window panes in the system this summer has been \$575 for labor and glass.

Mr. Jones issued the following: "We hope parents will assist in this problem before you are faced with a bill that you can't pay or wouldn't want to pay because of the irresponsible acts of your child. 90 per cent of this problem centers around two schools."

"We ask that all traffic around schools be eliminated unless there are scheduled activities supervised by authorized personnel."

"We are trying to build a program of education for every child in this school district and we need every dollar to do this."

"We ask parents to see that your child does not forfeit his right for an education by destroying or damaging school property and equipment."

## North Hazel Interchange Discussed

A group of citizens from the recently annexed area along North Hazel appeared before the City Board at their regular meeting last night to request information on plans the City and the Highway Department have for a connection to the Highway 29 interchange and the downtown area of Hope.

They had not been in on the planning studies and proposals that have been suggested for completing this connection to Interstate 30. All of the work that has been done over the past several years in trying to work out a solution that would be acceptable to the community and the Highway Department was explained to the group.

They were told that the community needs to assure the State Highway Department that it can agree on some plan before they can expect the highway department to make detailed engineering studies on any suggested route.

The City Board is planning to ask for an appointment with the State Highway Commission to assure them that there is a general community approval of a suggested route, which would include an underpass in the area of Shover Street, and that engineering studies prove this to be unfeasible, would support an alternate route connecting into the eastern city limits. Hobart Shirley and Dean Murphy, spokesmen for the group, assured the City officials that they would get a delegation from that area to support the city in its appeal to the State Highway Department.

## One Killed in Auto Wreck

LITTLE ROCK (AP) — One person was killed and three injured Tuesday night in a car accident on Highway 10 near Little Rock.

The dead was identified as Thelma Rice, 15, of Little Rock. The injured were identified as Jane Chlonister, 15, Frank Feltus, 15, and Michael Smith, 20, all of Little Rock.

Police said the accident occurred when the car left the roadway, struck a utility pole and overturned.

## Information Act Ignored, Nadar Says

By JOSEPH E. MOHBAUT

WASHINGTON (AP) — Consumer advocate Ralph Nadar charges that numerous federal agencies, while giving preferential treatment to special interest groups, have violated the Freedom of Information Act by withholding information from press and public.

"Government officials at all levels in many of these agencies," Nadar said, "have violated systematically and routinely both the purpose and specific provisions of the law."

The charges came in a 20-page report by Nadar and a group of about 100 law, engineering and medical students and graduates who have been investigating the workings of several government agencies over the summer.

They called a news conference Tuesday to list specific instances of what they termed violations of the two-year-old Freedom of Information Act.

Some violations cited by the group were: the Defense Department's denial of access to the quantity of oil being pumped from Navy ship bilges; the Water Pollution Control Administration classifying domestic military base sewage as a national security matter; and attempts by the Highway Administration to keep automotive safety standards violations from the public while quickly informing manufacturers.

The report said the Labor Department had denied public access to records from 5 to 15 years old on violations of minimum wages and safety standards for certain businesses.

And it listed in an appendix 19 violations of the information act by the Agriculture Department.

Nadar criticized the news media for not bringing more court cases to force disclosure under the information act and reporters for not asking "searing, controversial, difficult questions" at some news conferences.

He said Secretary of Labor George P. Shultz "never is asked about the Labor Department's shocking failure to meet its occupational health responsibilities."

The act, the report said, "designed to provide citizens with tools of disclosure, has been regressively forged into a shield against citizen access."

Most agencies, the report said, have a "two-pronged information policy—one toward citizens and one toward the special interest groups that form the agency's regulatory constituency."

"The lobbyists, the trade associations, and the corporations have made the contacts, have developed the institutions (e.g., industry advisory councils) and have generally compromised or intimidated the agency personnel into affording them entry into the early decisional process prior to public surfacing of rule-making, advanced rule-making, policy speeches and the like."

Recently members of the Hope Chapter of the FHA attended Federation 16 meeting in Arkadelphia, . . . Karen Beggs, President, . . . Jennifer Rhodes, Valene Pearson and Ferri O' Dell were accompanied by their advisor, Mrs. Helen Clark,

Workers Seek Pay Increases

LITTLE ROCK (AP) — Little Rock City Manager John T. Meriwether said Tuesday that the city would respond Sept. 5 to a request that pay increases be granted to the city's non-uniformed employees.

Local 994 of the American Federation of State, County and Municipal Employees asked the city last week to grant the pay increases Sept. 1 and to begin negotiations on a working agreement.

## HEW Has Revised Its Procedures for Cutting Off Aid to Schools

By G.C. THELEN Jr.

WASHINGTON (AP) — The Department of Health, Education and Welfare has revised its procedures for cutting off federal school aid, according to government sources.

The move, expected to blunt administrative assaults on segregated southern school systems, would in effect require more evidence that discrimination exists before federal aid to specific programs could be cut off, the sources said.

The department's past practice was to stop all aid if it found proof of faculty or student segregation. The contention was there could be no federally-funded program in a segregated environment.

A federal appeals court questioned the HEW approach early this month, ruling the department must demonstrate discrimination in programs, not just over-all pupil and faculty segregation.

The first indication of the department's shift came in a letter to the HEW.

See HEW Has Revised (on page two)

## U.S. Brings Home 300 More Troops

By GEORGE ESPER

Associated Press Writer

SAIGON (AP) — Three hundred more men of the U.S. 9th Infantry Division flew from Vietnam to Hawaii today, virtually completing the withdrawal from the war of 25,000 U.S. troops ordered by President Nixon.

The last numerically designated unit to leave under the current cutback program, Marine Corps Fighter Attack Squadron 334, will complete its transfer to Japan Thursday. Redeployment of the squadron's 250 men and 14 F4J Phantom fighter-bombers began Tuesday.

The U.S. Command said a total of 22,700 men have been moved out by units, while another 1,400 Army men, 400 Marines and 350 Navy men left in advance parties or as individuals.

Departure of a Navy LST (landing ship tank) with a crew of 150 a week ago completed the total of 25,000 men which Nixon on June 8 said would be pulled out of Vietnam by the end of August.

Despite withdrawal of the 25,000 troops, U.S. forces in Vietnam last Thursday totaled 526,500 men, or only 10,500 less than the 537,000 in the country when Nixon made his announcement.

U.S. spokesmen explained that this was due to a lag between the arrival of normal replacements and the departure for the United States of men relieved after a year's duty in Vietnam. The spokesmen said the total strength would drop to about 515,000 men in the next two weeks.

Hearing Set at Forrest City

FORREST CITY, Ark. (AP) The cases of five Negroes charged with robbery and assault with intent to kill will not be heard until the October term of Circuit Court.

# Soviet Ship Buildup Is Feared

By JIM ADAMS  
Associated Press Writer  
WASHINGTON (AP) — Navy nuclear chief Hyman G. Rickover says the Soviets—determined never again to have to back down as they did during the Cuban missile crisis—rapidly are overtaking the U.S. submarine fleet.  
The Soviet Union is likely to have more nuclear submarines than the United States by the end of next year, the vice admiral told a House Appropriations Subcommittee, and they already have 230 more submarines of all types.  
He said the Soviets could catch up with the U.S. missile-carrying Polaris submarines by 1973 or 1974.  
A censored transcript of Rickover's testimony May 20 in support of the Navy's \$1.16 billion request for nuclear ship development and procurement was released today by the public works subcommittee.  
Rickover linked the rapid Soviet submarine buildup to the

1962 Cuban missile crisis when asked about the danger of the United States being overtaken.  
"I would put it this way: I believe that after the Cuban confrontation—which resulted ultimately in Mr. Khrushchev being kicked out of office—they made up their minds that they would never again be faced with a similar situation," Rickover said.  
The Polaris now is the major U.S. deterrent to nuclear war, Rickover said because they can glide undetected and fire a retaliatory missile barrage from under the oceans.  
But as the Soviets catch up in their own Polaris-type subs and in their ability to detect and attack the U.S. submarines, he said, America will need escort submarines.  
The United States now has 81 nuclear submarines, including 41 Polaris, Rickover said, and the Soviets have 65. But at the present construction rates, Russia would surpass the United States by the end of 1970.  
The Soviets have a total force of 375 submarines, he said, or 232 more than this country's 143.  
The international boundary line between the United States and Mexico is approximately 2,013 miles long.

# Miss Nixon Is Feeling Better

SAN CLEMENTE, Calif. (AP) — Tricia Nixon stayed overnight in Walter Reed Army Hospital in Washington D.C., where doctors are trying to find the cause of abdominal pains.  
The Western White House said the President's 23-year-old daughter was "feeling much better." She was resting comfortably after having mild sedation.  
Tricia's rush by ambulance from the White House in Washington to Walter Reed Tuesday morning caused a flurry of excitement at the Western White House.  
Mrs. Nixon made a telephone call to her daughter. After that, the concern seemed to subside a bit.

# HELEN HELP US!

by Helen Bottel

SHE WANTS TO SAVE THE CHILDREN  
Dear Helen: I want to keep my brothers and sisters from the misery I had when I was home, but how? I've talked to the Welfare people and they don't seem concerned. I guess a child has to be so battered he shows up in the hospital before they take action.  
What happened to me is happening all over again with the younger kids. My brother called me (long distance, reverse charges) at 5 a.m. (so Mother wouldn't hear). He says the kids aren't allowed outside except to do the shopping she won't do. They have bruises all over where she hits them. She beats on Dad who just stands there and takes it, and the language she screams out is vile. He says she's sick and can't help it, but he could help his children if he would!  
Here are some of the things I took before I ran away for the last time at age 16: (Lucky I found a wonderful man and, at 20, I have a nice home and two children.)  
I was beaten with a heavy piece of firewood for such little things as not getting home from the grocery store in 15 minutes. She never goes outside the house so

the kids run all the errands. Several times she tried to choke me. She has thrown me to the floor and kicked me. All the while my father stayed in the other room, mainly because she was so jealous of him that she accused him of incest if he took up for me. She wouldn't even let him look at me or be in the same room.  
The first time I ran away I stayed with my beloved grandparents, but she threatened them with the law, and made me come home. Then she took away all my bedclothes, even coats and robes, and made me stay in my room for two months, coming out only for school and food. It was November and very cold.  
These are only a few of her actions. The one time Dad tried to arrange psychiatric help for her, she went wild and said if he ever tried that again, she'd do something terrible to us kids. We lived in even more fear after that.  
With Dad petrified of her the Health and Welfare people understand. My brothers and sisters are in danger: They're aged 9, 10, 12, and 13. If my husband and I took them away, she'd get them back, and make life hell for all of us. She puts on a good show for the authorities.  
What can we do?—FEARFUL

# SISTER

Dear Sister: Consult a lawyer or your district attorney. Your father must be told that he is as guilty as your mother if he allows these cruelties. If he still refuses to ask for help for his children—and his wife—then I believe you and your husband, with legal aid and neighbors' testimony, can make a case strong enough to save your brothers and sisters.  
—H.  
Dear Helen: You asked for letters from happily married men, telling how it happened. Here's my formula:  
1. Get up before her occasionally, and make breakfast for Her. (Thanks for the many meals she prepares for you.)  
2. When the kids aren't in school, surprise her at times by not waking her at all, but getting yourself off to work. (Thanks for the many sleepless nights she spent nursing you and the children through illnesses.)  
3. Never forget her special days—anniversaries, Valentines Day, etc.  
4. Do one of "her jobs," like throwing a load into the washer or a professional kitchen waxing job. (Thanks for her uncomplaining performance of many dull tasks.)  
5. Our nightcap is a cup of tea which I prepare and serve just before bedtime. (This ends her day by having something done for her, not BY her.)  
I believe the words of the song, "Try a Little Tenderness" should be the anthem of all

# Starfish Threat to Islands in South Seas

By LAWRENCE L. KNUXTON  
Associated Press Writer  
WASHINGTON (AP) — Marine scientists report a mysterious population boom among coral-eating starfish threatens hundreds of idyllic South Sea islands.  
Three spiny members of the poisonous species—known formally as Acanthaster Planci and popularly as Crown of Thorns—became the first of their kind to visit the United States when they were placed on display Tuesday in the Commerce Department's National Aquarium.  
"What's happening is totally new," said Bernard J. Zahuranc, a member of a Navy oceanographic expedition which spent the last five weeks photographing starfish destruction on Guam and other islands.  
"There has been no evidence of this kind of thing in the past," he said, noting the starfish at Guam are killing coral at  
married men. While marriage should be 50-50, try to give 70 and you'll find her doing the same! —HAPPY FATHER OF THREE TEEN-AGERS  
Dear Happy: Congratulations on your 140+ proof marriage! Your wife is a lucky gal—who I'm sure deserves her luck.

the rate of half a mile a month.  
"These are really serious destruction creatures," said William J. Bergquist, the other member of the expedition. "You can see them in the water. They grow into two inches in four or five days. And if you hurt one it separates itself from the damaged section and regenerates."  
Zahuranc said that for some unexplained reason the Crown of Thorns suddenly multiplied much faster than its natural enemies.  
The problem is that the coral reefs provide a home for fish—a vital food supply in many regions of the South Pacific—and shelter islands from possibly fatal wave and wind erosion.  
The scientists said the starfish already has destroyed 100 square miles of Australia's Great Barrier Reef.  
Thales, Greek philosopher and scientist, predicted the eclipse of the sun that occurred on May 28, 585 B.C.

Lewis-McLarty

World War I put an end to such dalliance and, besides, Henry Ford put America on wheels and there was no longer room for the gentlemen sportsmen to scare chickens and children on public roads. American racing turned to dirt and board tracks in the image of Indianapolis.  
In Europe, however, automobile racing meant road racing, which is what GIs found out after the war. They also found out about MGs and other sports cars. In the late '40s these veterans indulged their fancies at places like Watkins Glen and Bridgehampton, N.Y., until anxious citizens shoed them off the roads and onto closed circuits.  
But what Americans did not bring from Britain and Europe was the international concept of rallying, the notion of getting from point A to point B in a defined time span. Rallying is still a huge slice of motor sports on the continent with the famed Monte Carlo Rally leading the list.  
American rallyists had to be content with a controlled sort of rallying which amounted to a sedate drive in the country, with check points, stopwatches, portable computers and a host of clerical tricky-track and gimmickry which put the emphasis on timing and mathematics, not driving skill.  
There is at least one legitimate rally in the European sense still conducted here by, appropriately, the Long Island Center of the MG Car Club. Called the International 1000 Rally, the August event covers a road course of about 1,000 miles through the northeast and Canada.  
Entrants will still have to pay attention to detail and mileage, for example, is measured to the nearest 0.005 mile. It will be important for drivers to reach checkpoints on time—not early, certainly not late. Still there is ample opportunity for entrants to exhibit driving skill, considering the sort of turning country roads on the route.  
Unlike the Monte Carlo or Canada's Shell 4000, driving will be done during daylight hours only for a period of four days.  
For drivers who disdain the use of complicated navigational equipment (some of it is plenty expensive) or who would rather drive than operate a slide rule, there is a category known, for some reason, as "barefoot."  
Barefoot drivers need only know how to read an odometer and, possibly, how to add and subtract and understand a map. Obviously, one doesn't enter a rally alone; there has to be a pilot and a navigator, which often makes for a pleasant togetherness.  
Whichever team amasses the least points wins. The penalties for not observing the rules are stiff. For example, if the car is more than five minutes early or late at any control, then the team gets 500 points. A traffic violation means automatic disqualification.
